Primus-HD® / Primus-HD® Yellow

Primus-HD®

Clear IOL, aspherical

Primus-HD® Yellow

IOL with blue light filter, aspherical

- *Hydrophobic*
- *No glistening*
- *Simple handling*
- *Fast unfolding*

Single Step
Pre-loaded Injector

OPHTHALMO Pro GmbH

Primus-HD® (clear)

The benefits at a glance:

- Aspherical optics (aberration correcting -0.20 µ)
- Optics with posterior-convex design
- Hydrophobic acrylate – glistening-free
- 360° continuous, sharp edge
- Haptics angled at 1.5°
- Modified L-loop
- UV filter
- Refractive index 1.48 at 35°
- 13 mm total diameter
- 6 mm optic diameter
- Dptr. -10.0 to + 36.0 in 0.5 steps – all dptr. preloaded

Primus-HD® Yellow (yellow)

The benefits at a glance:

- Aspherical optics (aberration correcting -0.20 µ)
- Optics with posterior-convex design
- Hydrophobic acrylate – glistening-free
- 360° continuous, sharp edge
- Haptics angled at 1.5°
- Modified L-loop
- UV filter and integrated blue light filter (cut from 390 nm – 470 nm)
- Refractive index 1.48 at 35°
- 13 mm total diameter
- 6 mm optic diameter
- Dptr. -10.0 to + 36.0 in 0.5 steps – all dptr. preloaded
